

## From Shoebox to CD Magic Scan

It's never been so economical and easy to have your family memories scanned and saved to CD.

Magic Scan accepts both B&W and color prints from 2.5 X 3.5 to 8X10. Nothing smaller. Nothing larger!

These are good quality scans, suitable for viewing on your computer, or make prints up to 11 X 14, depending upon original image quality.

## Magic Scan Order Information

Magic Scan can accept prints varying in size from standard wallet (2.5X3.5) to 8X10.

Individual prints only. We cannot scan prints with Magic Scan that are mounted or glued to paper or album pages. We can this scan this type of print using other means, but at a higher price.

Prints must be loose. We cannot take prints out of albums or album pages.

Polaroid prints that have been glued to backing material cannot be scanned, nor can most instant prints.

So gather up those boxes, bags and albums full of old, memory filled photos and save them to CD!

Hurry, while this money-saving offer is still in effect!
